### CANTEMUS – vocal group performing a capella adaptations of popular music

The Canthemus vocal group led by the artistic director Matjaž Kač has with the help of their voices for already twenty-two years, co-created a capella jazz and pop arrangements. Ideas for repertoires are drawn from the most popular songs of the past and those more recent and jazz standards, as well as works that were written specifically for vocal groups. They like to experiment with different sounds, which they compose into tracks and give them an additional attraction and width. Seven vocalists upgrade their knowledge and capabilities from year to year and are always taking on new projects. They are, therefore, awarded by more festivals at home and abroad among the best a capella groups. The last big success of the group was winning the 1st prize of the audience and the jury at the a capella festival »Sredi zvezd 2019« in Žalec.

### CANTEMUS – vokalna skupina, ki izvaja a capella priredbe popularne glasbe

Vokalna skupina Canthemus pod vodstvom umetniškega vodje Matjaža Kača že dvaindvajset let s pomočjo svojih glasov pop-ustvarja a capella priredbe jazz in najpopularnejših pesmi starejšega in novejšega datuma ter jazz standardov, kot tudi iz del, ki so napisana posebej za vokalne skupine. Radi se poigravajo z različnimi zvoki, ki jih vkomponirajo v skladbe in jim tako dajo dodatno zanimivost in širino. Sedem vokalistov nadgrajuje svoje znanje in vokalne sposobnosti iz leta v leto in se z velikim veseljem loteva vedno novih projektov. Zato jih tudi nagrade z več festivalov doma in v tujini uvrščajo med boljše a capella vokalne skupine. Zadnji uspeh je osvojitve 1. nagrade publike in žirije na a capella festivalu »Sredi zvezd 2019 v Žalcu«.
