Diagram showing the electrical distribution system (EP2) for the main school building (OSNOVNA ŠOLA ARTIČE). The system is divided into seven sections (1 to 7) along the horizontal axis, corresponding to the building's layout.

The diagram illustrates the following components and connections:

- Power Supply:** Three-phase supply (L1, L2, L3) and neutral (N) and protective earth (PE) lines are shown at the top and bottom.
- Section 1:** Feeder F32 (16A-B) connects to a 2000W heater (W32) and a reserve heater (W33).
- Section 2:** Feeder F33 (16A-B) connects to a 2000W heater (W33) and a reserve heater (W34).
- Section 3:** Feeder F34 (16A-C) connects to a 2000W heater (W34) and a reserve heater (W35).
- Section 4:** Feeder F35 (16A-C) connects to a 2000W heater (W35) and a reserve heater (W36).
- Section 5:** Feeder F36 (16A-C) connects to a 2000W heater (W36) and a reserve heater (W37).
- Section 6:** Feeder F37 (16A-C) connects to a 2000W heater (W37) and a reserve heater (W38).
- Section 7:** Feeder F38 (16A-C) connects to a 2000W heater (W38) and a reserve heater (W39).

The diagram also includes a table summarizing the power distribution for each section:

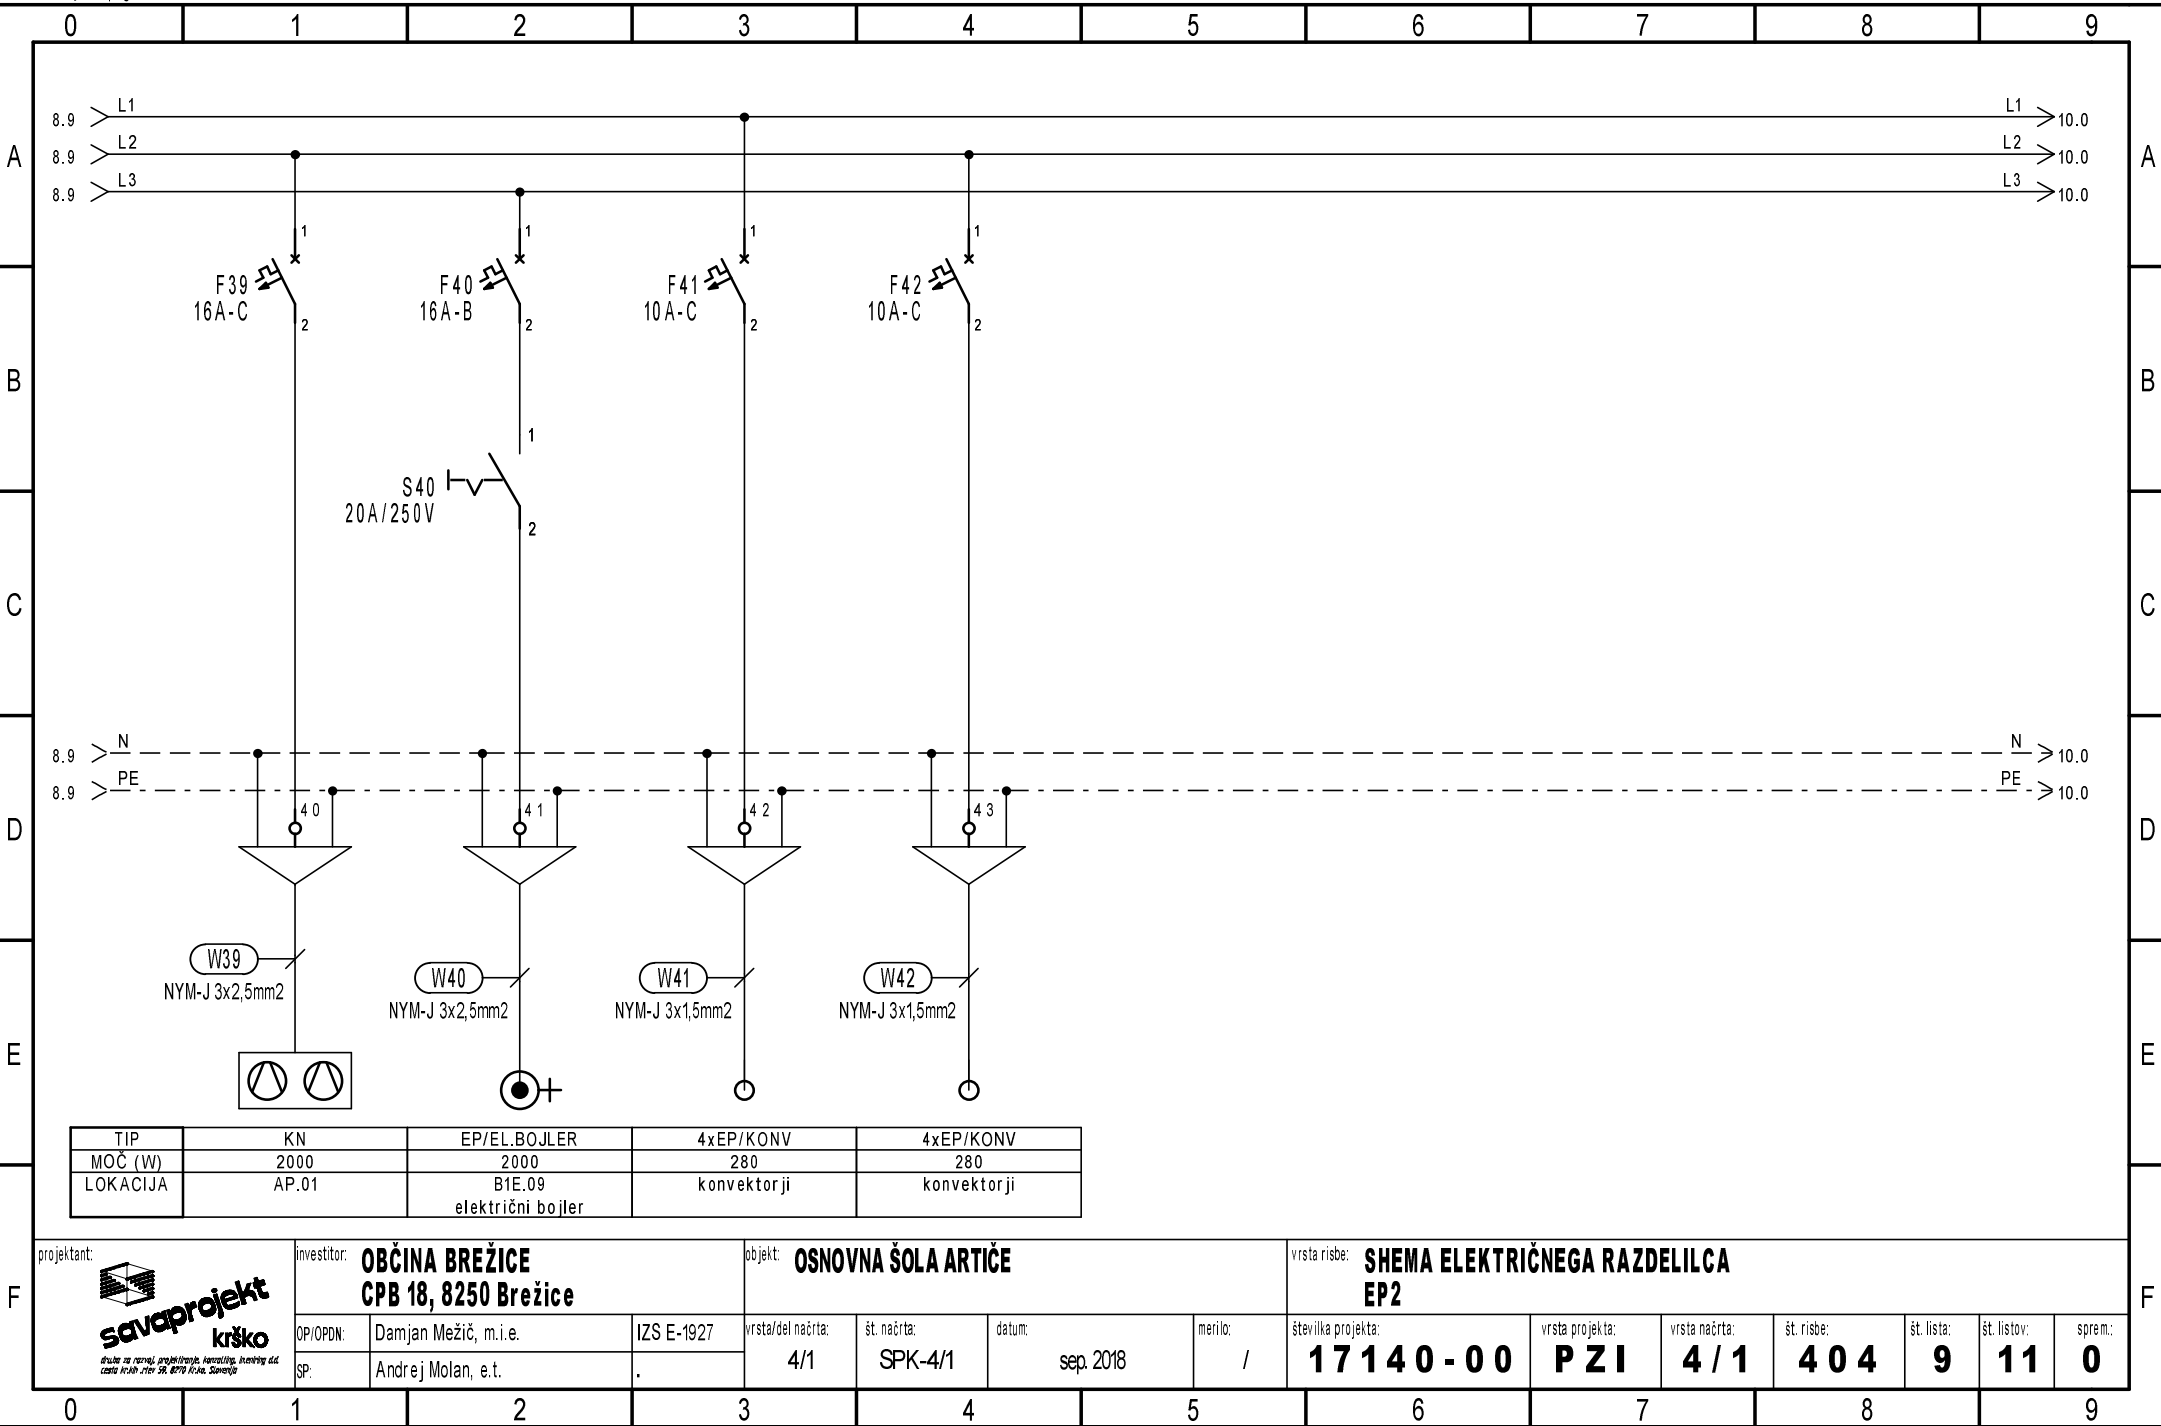

TIP	EP/SR	EP/SR	KN	KN	KN	KN	KN
MOČ (W)	2000	2000	2000	2000	2000	2000	2000
LOKACIJA	sušilec rok rezerva	sušilec rok rezerva	AP.06	AP.06	AP.02	AP.04	AP.03

Project details:

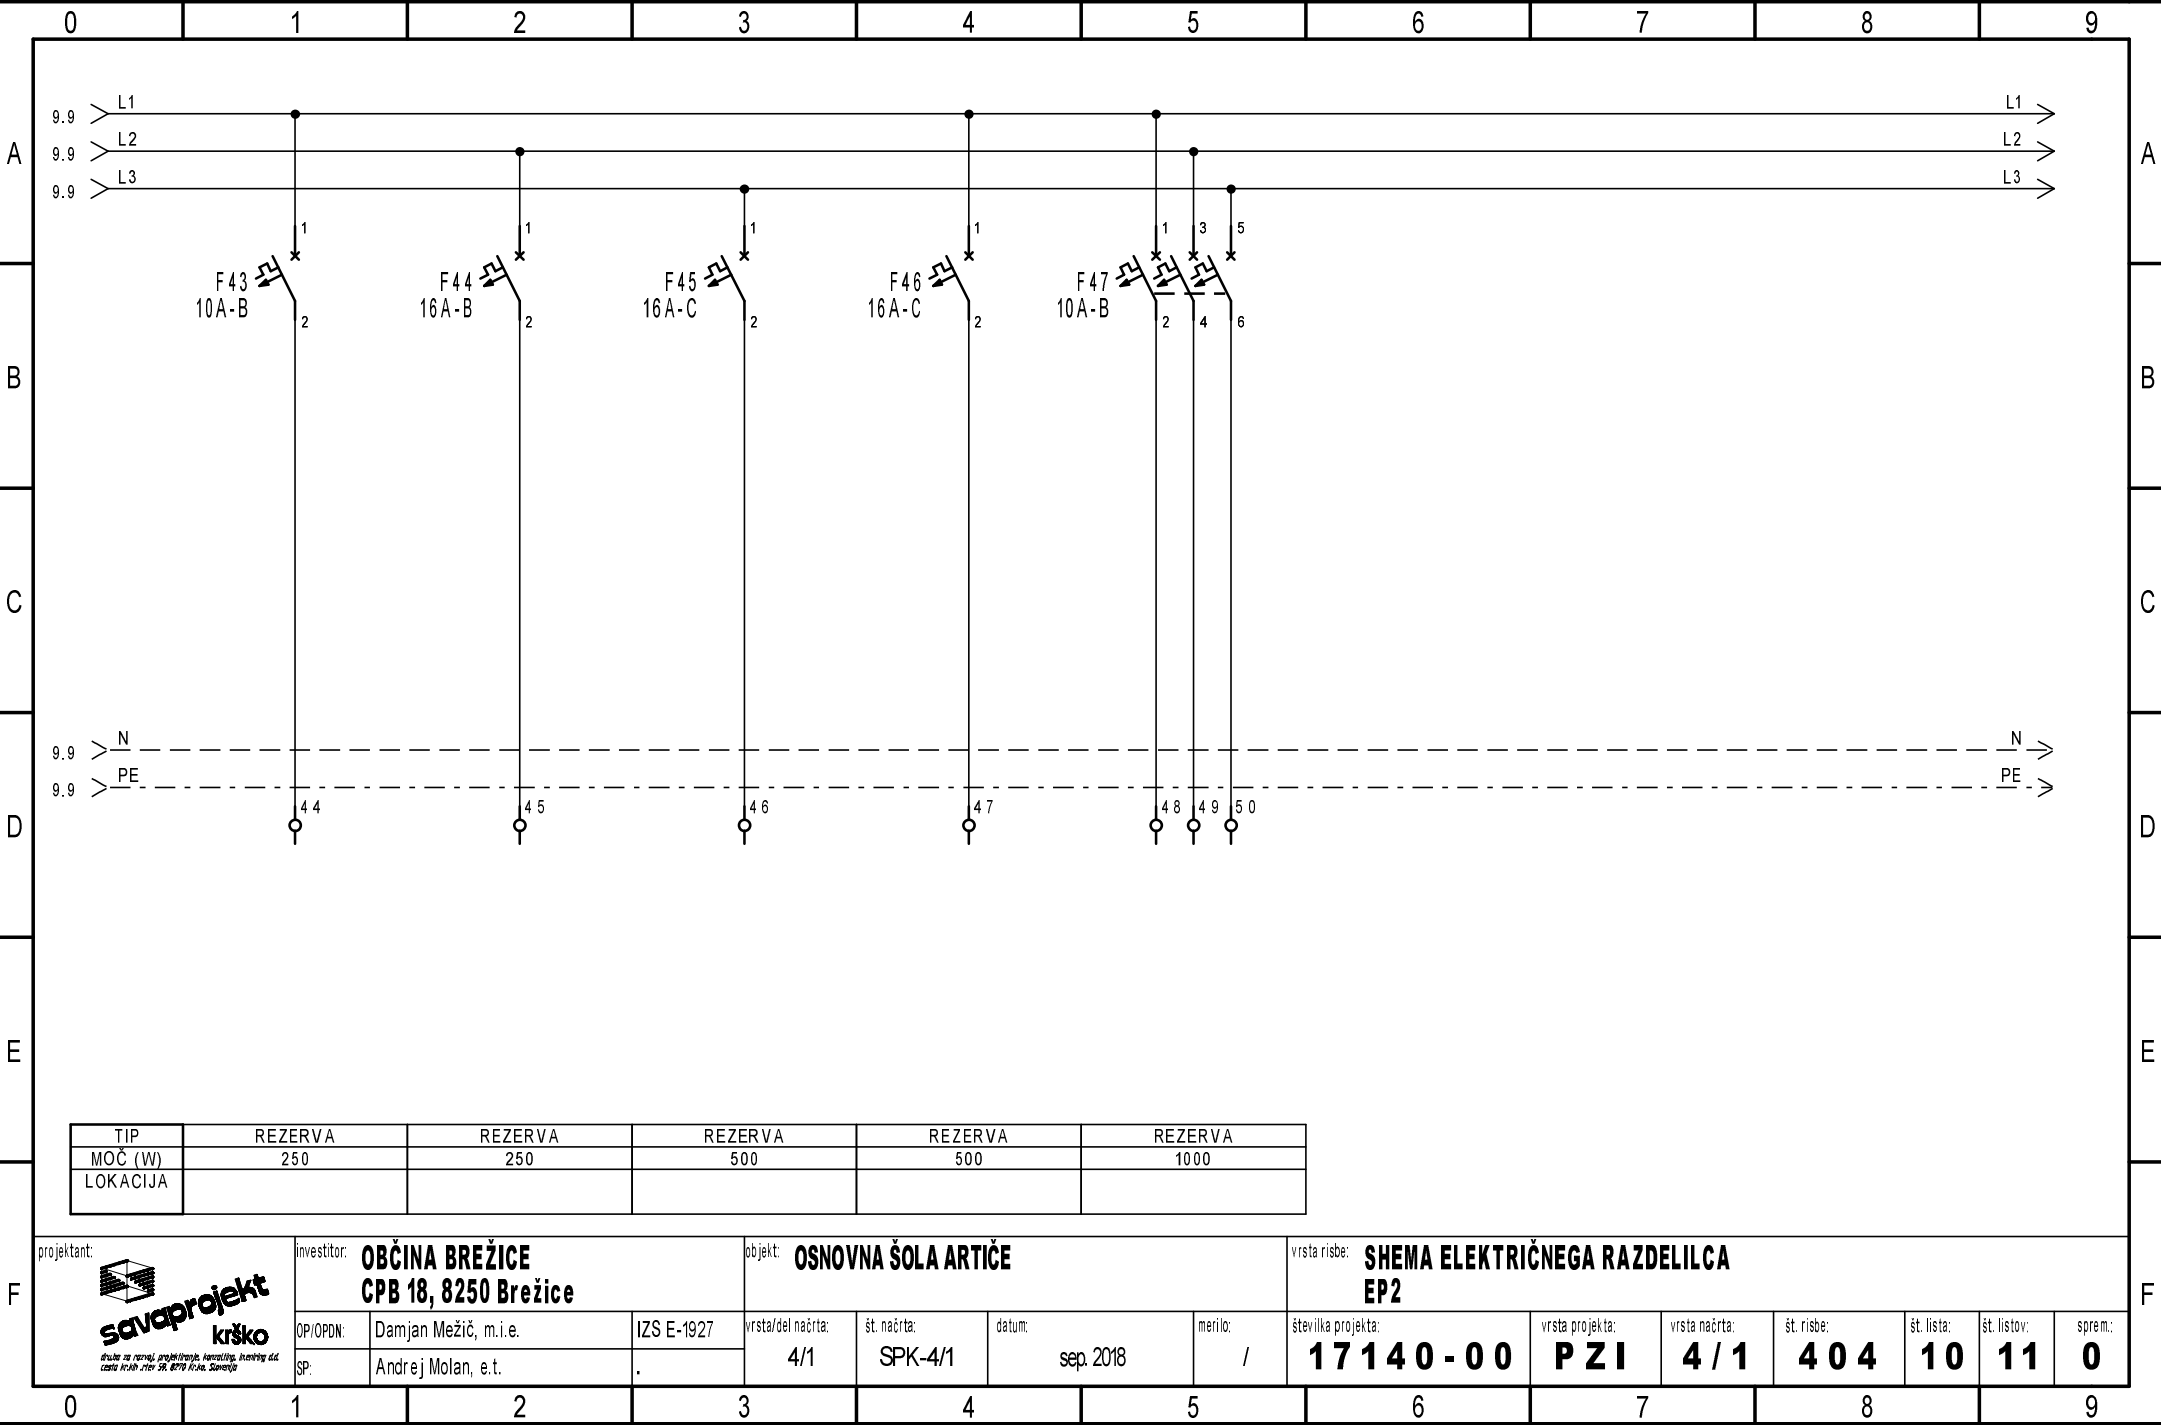

- Investitor: OBČINA BREŽICE, CPB 18, 8250 Brežice
- Objekt: OSNOVNA ŠOLA ARTIČE
- Vrsta risbe: SCHEMA ELEKTRIČNEGA RAZDELILCA EP2
- Projektant: savaprojekt krško
- OP/OPDN: Damjan Mežič, m.i.e.
- IZS E-1927
- Vrsta/del načrta: 4/1
- Št. načrta: SPK-4/1
- Datum: sep. 2018
- Merilo: /
- Številka projekta: 17140-00
- Vrsta projekta: PZI
- Vrsta načrta: 4/1
- Št. risbe: 404
- Št. lista: 8
- Št. listov: 11
- Sprejeto: 0
